

It's Going Down Freestyle

This was originally a freestyle but I decided to type it up and put it in a note.

Keax mix 3, I'm Back/

[Chorus] repeat 2 x

Yeah/ Yeah/ Yeah/

Yo meet me at the Hub/ It's Going down/

Meet me at the Hall/ It's going down/

Meet me at Griffin Road/ It's going down/

Everywhere I go it's guaranteed to go down/

That flow came from my little sister Shaina/

Yo it's okay, to me she's still a rider/

This [was] a freestyle yo I ain't no biter/

I'm coming through man and I ain't got a low rider/

Yeah they took my bike but yo it's alright/

I turned the other cheek, yo I don't wanna fight/

I'm like my big brother Jesus Christ/

Yo I'm just trying to be a light/

In ya hood/ Yo, it's all good/

I don't think you'll really understand/

I grew up as a little kid in a place they used to be calling "Sugggga Wood"/

Them little kids was scared to run up on me there/

Some of us had guns while others weren't prepared/

Yo they was prepared for some battles out there man/

For real yo, even them cops was scared/

They rolled up on us, we was like 30 deep/

Yo them little kids they tried to creep/

We chased em down/ Yo all they had was bats/

All we had was bats/ And that's that/

But yo it's alright/ Now we don't fight/

Yo we just with a couple peeps on some bikes/

I got a little bicycle/ It's all good/

I just be rollin through your hood/

I'm okay/ I'm just one of Jehovah's witnesses/

Yo what you think? This is it man/

Yo I spit man for my God/

Yo it's called holy spirit that be moving my lips man/

what you thought? What you think?/

We on the brink of the Great Tribulation, and you thought Jehovah wasn't gonna come for you?/

Nah man, yo we coming through/
We knockin on your door/ Yeah/
Sometimes we be out till bout four/
Yo, we don't know man when it's gonna happen/
But we just waitin on orders from the captain/
The captain is Jesus/ He came to free us/
From all these Spiritual Diseases/ (repeat)
And this is my thesis/
Yo I flow straight freestyle/
Yo I go Buck wild/
Yo they put me on trial/
They really trying to test a brother man/
I don't know another man/
That came for me like Jesus came/
I was in the dark and he was my flame/
He light me up/ Giving them spiritual uppercuts/
To them demons/ Yo I ain't schemin for no heathen/
I ain't wired man/ I ain't working for the cops/
Please don't try to be pumpin on the block/
Like "Yo, who this kid?" / (repeat)
I ain't no snitch/
I ain't no punk/
I ain't the type of kid to get jumped/
Yeah, you can jump me/ I don't care/
Cuz really yo I don't care/
I don't feel pain no more, I ain't scared/
I been here yo ever since a little kid man/
I don't really got no feeling/ That would make me feel like I'm more heathen than
you/
I'm just through/ I just spit some stuff off my lips that I don't even know man/
I'm a go man/ I don't really wanna flow man/
But I got to go man/ It's like Woa man/ If I don't spit/
Preachin/ Preach/ Yo I gotta preach/
I gotta preach everyday man/
That's why I roll like this man/
Yo they say, "Weed is the gateway drug"/ But actually it's cigarettes/..
