

# *Speak To Me Lord*

*By Kerrisha Joachim*

*What do I do when I need direction?|*

*When I am stuck in my current situation, I start reflecting|*

*Whats the next step, or should I stay put?|*

*Where should I place my ready and waiting foot?|*

*Im trying so hard God|*

*Just speak to me Lord|*

*Chorus:*

*Open my eyes Lord|*

*Let me hear you clearly Lord|*

*I promise to obey what you say Lord|*

*Just speak to me Lord|*

*Here I am reaching out to you|*

*Then you spoke to me through your Holy Word|*

*I then felt you free my spirit like a caged bird|*

*You said, "Don't worry my child,|*

*Stay put and praise me for a while.)|*

*If you just relax and let me help you|*

*You will just sail right on through."|*

*Bridge:*

*Now I can hear you Lord|*

*You spoke to me|*

*And I promise, I promise to obey|*

*Because I trust in you Lord.|*
